

## Airport / Runway Safety Issues & MedExpress - KPAN

We'll discuss runway incursion, present airport event history including local ground movement operations, and mitigation strategies to reduce and eliminate incidents. Also review of how to use the FAA's new on-line medical application .

**Directions:** Drive in's: Please park across the street from airport restaurant, follow signs and walk down step using gate to access FBO hanger. Fly in's: Please follow signs as we request you park on Echo ramp as to not create a parking shortage for the restaurant. Free camping available on airport camp ground. Thanks.

### A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
